

CHEQS November 2020

Southrop C of E Primary School

Together we can fly

The current situation is forcing us to be inventive about every aspect of school life. We have had a few children off as a precaution due to family members having Covid-19 tests; happily none of these resulted in a positive test. In this situation we are able to send out home learning via our on-line portal and some children have even been able to join their lessons virtually. For our Harvest celebration the children prepared artwork, poems and researched harvest traditions around the world. Mrs Giles then kindly put them into a beautiful display which was shown in Church and outside school. We will be doing something similar for Remembrance Sunday. For our worship the whole school gathers daily in the playground, now donning coats rather than basking in the sunshine. We are determined to continue for as long as the weather allows! It makes for a very upbeat and energising start to the day. Our Deanery Youth Worker and Open the Book team have sent us virtual worship videos and presentations. We have also participated in the Cheltenham Literature Festival on-line, enjoying talks by authors from Katherine Rundell to Lauren Child and drawing along with many illustrators. Please take a look at our redesigned website for our latest news: <http://www.southrop.gloucs.sch.uk/>
