At Southrop School we warmly welcome new children and families and have a fully inclusive SEND Policy aiming to offer excellence and opportunity to all of our children, whatever their diversity, ability or needs. We understand that children have differing educational, emotional and behavioural needs and that they assimilate and communicate information at different rates and in different ways. A range of teaching approaches and experiences are offered within the classroom to ensure that every child has the best opportunity to reach their full potential, with adaptations made. At Southrop C of E Primary School, the parent's and pupil's voice are heard. We value the contribution that every child can make, and we are supported by the local authority, so that all pupils, regardless of any specific needs, make the best possible progress. The school seeks to raise achievement, aim high and remove barriers to learning whilst increasing the physical and curricular access to all. We use a pupil centred approach which is constantly evaluated. All children are valued, respected and considered equal members of the school and as such, pupils with additional needs are considered equal members of the whole school. Provision for these needs are considered a matter for the whole school and all teachers are teachers of SEND. The governing body, co – Head Teachers and all other members of staff are responsible for teaching children with SEND. We are ambitious and aspirational for all of our pupils. We are fully compliant with Covid 19 arrangements for all of our children and make necessary adjustments where needed and in line with Government policies. We are taking account of the possible mental health and wellbeing issues which may have arisen as a result of lockdowns and are providing activities and opportunities to ease the effects of the pandemic.

Please be aware of our SEND Local Offer and the Early Help documents downloadable from below.
